

Dear Eurest Guests:

Due to the increasing price of our raw products and the increased cost that our suppliers have incurred for shipping and transportation, **effective April 2, 2012 there will be a price adjustment to select food and beverage items in all Eurest Dining Services cafeterias (10/CRC, 10/ACRF, 10/B1, 31, 35, 45).**

While raising prices is never popular, we have held the number of items we are raising to a minimum. The new pricing covers these increased costs and still allow for keeping overall prices comparable to those in nearby retail outlets.

Thank you for your continued patronage.

Sincerely,

Your Eurest Team
